Plant Science into Practice

Where are we?

Why are we needed?

- Constant loss of actives
- New actives coming along
- New technology that isn't based on chemical control
- There isn't always a funding stream available.

What can Niab offer you?

- Crop destruction Trials
- No risk to the grower
- Bespoke trials and reporting
- Insecticides
- Fungicides
- PGR's
- Herbicides
- Bio-stimulants
- Phytotoxicity
